SAKCHIRA

SEAsTra works directly, on site with a selected number of South East Asian Artisans and Artisan Groups to promote handcrafted products of exceptional quality.

Sakchira

Sakchira, an established Professor of Art and Design, founded a studio in his home town in northern Thailand. He has created over 100 original designs of all colors to be hand painted on silk and chiffon. Sakchira instructs and personally supervises his assistants in reproducing his designs and in developing their own artistic skills. Each hand painted, original design scarf or shawl is inspected and signed by the Artist ensuring that it is of the highest quality and truly a **UNIQUE WORK of WEARABLE ART.**
